## VOLUNTARY CONTRIBUTIONS & CHARGES FOR 2020

Voluntary contributions and charges enable a school to improve those services it provides to all students attending it. The scheme is one of the only equitable methods a school has of raising finance on its own. **We would therefore appreciate all families paying these contributions as soon as possible to enable full budgeting for 2020 to take place and resources required for your children to be purchased.**

Charges for In Term Swimming and Dance (as indicated below) are all costs associated with normal school programs in which children are asked to participate in. (Kindy children will not be involved in the Dance & Swimming program). *For those families that cannot afford to pay contributions as a lump sum you may make arrangements to pay them off on a weekly/fortnightly basis. This can easily be set up through your online banking as a weekly/ fortnightly payment that can continue until payments have been made in full. We have a number of families that take advantage of this arrangement. Please talk to Mrs Radziejewski about a **payment plan**.*

While it is preferable for total payment of all voluntary contributions and charges to be made now, parents may pay charges as they occur during the year.

**Please return the form below, with payment, to your child's teacher or the office.**
